

# PHASE 4 UPDATE

## YEAR 6 NEWS

Year 6 have made an excellent start to the new half term!

We have started reading our new text, 'Fuzzy Mud' by Louis Sachar. We are really enjoying the gripping plot, which is giving us lots of clues as to what the illusive 'fuzzy mud' could be!

A special mention must go to our prefect team, who this week have given up their evenings to support with the running of parents evenings! Well done to you all, you were an absolute credit to our school.

In Place and Time, we have been learning about Peterborough's history, including creating leaflets to promote Peterborough in 1845 and 2019. We will use this knowledge to make comparisons between Peterborough and Tokyo.

We are continuing to focus on our arithmetic skills in Maths, especially calculating with fractions and written division. We will also be learning how to use algebra in missing number equations.

As part of our Citizenship and Ethics lessons, we have been discussing our emotions, the importance of talking about our feelings and creating a culture of openness.

### YEAR 6 CODING DRONES WORKSHOP REMINDER!

We have been given the fantastic opportunity to take part in a drone workshop in December! For further details, please see the letter sent home last week.

### Key Dates:

Mon 11th November - Year 6 cross country festival at Hampton College

11th - 15th November: Anti-Bullying Week

11th November: Remembrance Day

13th November: Anti-Bullying event - wear odd socks in celebration of being unique!
